

A large, stylized sunburst with multiple rays emanating from a central point, set against a deep blue sky. The sunburst is partially obscured by a large, textured cloud formation in the lower-left and center. The year '2002' is superimposed on the cloud.

*Put your battle faces on!*

*We had some good points and some bad points this year, but this was a building season. We were also a young team with only 9 seniors. Next season there will be many underclassmen returning. We're looking for bigger and better things next season from the returning kids. The seniors we lost this year exhibited qualities that will be hard to replace. Elton Simmons and Marcus Sanders, Co-MVP's, are examples.*

# *The Power of One*

*Individuals making a difference.*

*Jon McQueen*

*Lorenzo Reynolds*

*Two students at Buena Vista High School have shown what the power of one can do. Jon McQueen has been a one man wrestling team competing under less than desirable conditions. Coach Thomas, who was coaching Jon, passed away. Jon continued practicing under the direction of Coach Stuckey and competed in several competitions. Coach Stuckey praised Jon on the excellent work he did this season-Coach Thomas would be proud of Jon.*

*Lorenzo Reynolds has his eye on a spot on the 2004 Olympic boxing team. This is the goal that drives him through grueling workouts and 123 victories in the ring. While tryouts for the Olympic team is down the road Lorenzo has been preparing for it since he was nine. Under the direction of his father he often puts in four-hour workouts to make the goal of the Olympics a reality.*

# Student Life

# National Honor Society

The Buena Vista chapter of the National Honor Society is composed of Seniors and Junior students with 3.0 GPA or above. These students must strive to excel in leadership, service, character and scholarship. NHS has participated with many community activities: Toys for Tots, Homecoming Parade, Fall and Spring Blood Drive, BVHS Scholarship Commission fundraiser and Hosted the Honors Breakfast for all Honor Students and Parents. The hard working advisors for the group are Mrs. Broaddas, Mrs. Reed and Ms. Benn..

## Student Council

The Student Council is a type of board filled with high school students. This allows students to get their point across to staff without confusion. We can express our concerns to our student council reps. Then they fight for us to the school staff. Like in the real world. The biggest charge the council made was there request to bring back the student store. They also participant in fooddrives and other community services. Ms. McMurrern and Major Haskell are the advisors of the student council.

# 100 Boys Club

Goals: To have every boy in the group to attend college: if not, prepare them for the armed services, tradeschool, or technical school. Another goal is to have everyone in the community take ownership of our young males.

## Objective:

To encourage unity, love, peace, sharing, caring and hope.

To promote high academic goals and positive life skills.

Through the 100 Boys Club, we hope to bring in 100 men who will eventually become 100 mentors for our young men.

Mr. John Bennet, Science Coordinator at Buena Vista High School, formed the F.I.R.S.T Robotic program in 1997. With the help of teachers, Mrs. Hennings, Mrs. Bryant, Mrs. Witherspoon, Mr. Kolodziej and Mr. Brownscomb, the program has continued to be successful. The program is designed to provide inspiration, recognition, and skills in science and technology. This program differs from the usual activities in that it's main focus is with science and technology as well as physical attributes. It gives students the opportunity to work hands on, side by side with engineers from Dow. After the robot is finished the team travels all over the state and out of state to compete against hundreds of other high school teams involved in F.I.R.S.T.

Special thanks to all the Buena Vista High School staff and students who help to make F.I.R.S.T. successful. It is greatly appreciated.

# CO-OP

## Co-Op Education Benefits Students

Co-op is a career-training program for senior students who are Enrolled in school. It is a cooperative arrangement between the school, parent, employer, and student. The students receive related in-school training and on-the-job training through part-time employment. It provides for alternation of study in school with a job in one of the six Michigan Career Pathways. The two experiences are planned and supervised by the school and the employer so that each contributes to the student's development in his chosen career area. Our employers are primarily in local businesses.

CO-OP works for better career pathways at B.v.  
Mr. Kaul

L to R Kei'Mia Perkins,

*Brighter Days*

*Brighter days are here to stay  
Great love and happiness is on the way  
With God, happiness will last everyday  
The sunshine will shine with no delay  
There shall be nothing negative to say  
With God, everything will fall into place  
All tragic events can now erase  
Now there are more reasons to wear a happy face  
Cause brighter days are here to stay.*

# Senior Thoughts

*Together we stand,  
Divided we fall  
Together we have been through the good times and the bad times  
We have been through many struggles  
We have faced many obstacles  
And we've been through the rain  
There were times when we have faced a lot of pain  
But together we have survived it all  
And it's all because of God  
So happy days are here to stay  
Now that nothing is in the way  
Together we are on a mission  
And now we can't be stopped.*

read more books, watch less TV*

*Anthony Collier*

*God grant me the serenity to accept the  
things I cannot change, courage to change  
the things I can, and the wisdom to know  
the difference. He gave me the power to love  
others and love myself. He is my God and this  
my serenity prayer. Class Of 2002*
